

# Introduction to the Ages & Stages Questionnaires: ASQ-3 and ASQ:SE-2

These trainings will help you learn how to use the ASQ-3 and ASQ:SE-2, two parent completed developmental screening tools, to identify a child's developmental strengths and needs during the crucial first five years of life.

**Who should attend:** center directors and teachers, family child care providers and assistants, home visitors, therapists, family advocates, social workers, anyone working with families who have children from 0-5

## Training Objectives:

- Understand why this simple screening is important for children ages 0-5 years.
- Become familiar with how to use the ASQ-3 and ASQ:SE-2, including how to administer, score, interpret and make referral decisions based on the results.
- Learn to respectfully and effectively communicate with parents about screening and follow up; support parents to complete the ASQ-3 and ASQ:SE-2.
