6:30pm - 8:30pm

Child Care Links Conference Room

Dads do parent differently and it's okay! There are many benefits to children, fathers, families and communities when we understand how dads father. Join **Child Care Links** and **Shawn Bryan, Founding Director & Chief Learning Officer with Teaching Excellence Center**, to discover how to help fathers/males engage with their child and your Child Care Program.

You will leave with a better understanding of:

- A father's role in brain development
- A father's role in guidance and social-emotional development
- Practices to welcome, support and engage fathers/males

This session is aligned with the Alameda Fathers Corps Principles, Head Start Fatherhood Engagement and California Foundations & Frameworks.
