KELLY O'LAGUE DULKA, MSW

"We live in a world in which we need to share responsibility. It's easy to say, 'It's not my child, not my community, not my world, not my problem.' Then there are those who see the need and respond. I consider those people my heroes." – FRED ROGERS

Almost half of the nation's children have experienced at least one or more types of serious childhood trauma. Those caring for children are in a unique position to help them heal. Join **Child Care Links CEO, Kelly O'Lague Dulka, MSW**, as we explore a variety of topics related to trauma and how to understand, recognize, and respond to the effects of various types of trauma.
